

## 2nd grade: Science

Learn how to reduce, reuse, and recycle and give your own ideas

### Turn Off Lights

- Activity: Make it a habit to turn off the lights when you leave a room.
- Explanation: This saves energy and helps the environment.

Write two ways you can use less.

---

---

### Use Reusable Bags

- Activity: Use a reusable bag instead of a plastic bag when you go shopping with your parents.
- Explanation: This helps reduce the number of plastic bags that end up in the trash.

Write two ways you can use less.
